

FibaTape self-adhesive

Self-adhesive mesh fabric tape FibaTape® Classic

Brand

ADFORS FibaTape®

The only CE certified self-adhesive drywall joint tape, offering the highest reinforcing performance possible with faster jointing and easy application.

Superior strength, fast application, smooth finish

FibaTape® Classic fiberglass mesh tape boasts a **70% higher reinforcement strength** than other fibreglass tapes, and **25% better performance than paper alternatives**.

FibaTape® Classic also provides faster jointing with a **30% time saving compared to using paper tape**, and smooth finish with no blisters and air bubbles. Its easy application makes it the perfect solution for ceilings and high or more technically-demanding areas, and its multi-purpose use makes it suitable for both tapered and square edge plasterboard.

Only two layers of compound are needed for a perfect result.

- Multipurpose - tapered and square edge plasterboard
- Self-adhesive
- High mechanical strength
- Easy application
- Smooth finish

How to apply FibaTape® self-adhesive tape ?
